

NO RISK TRIAL INSTALLATION

Current's Compare in the Air program can allow you to see results of a lighting retrofit or renovation real-time in your facility with no risk!

Grounded in serving our customers' needs, Current understands there is no one size fits all solution, especially for unique applications, offering lighting and control solutions that span the full spectrum for new construction and retrofit projects.

4 EASY STEPS

STEP 1 - SELECT UP TO FOUR QUALIFYING PRODUCTS

STEP 2 - MARK THE ORDER "COMPARE IN THE AIR"

STEP 3 - RECEIVE A 90-DAY DATING TERMS ON YOUR ORDER

STEP 4 - INSTALL THE PRODUCTS AND SEE THE RESULTS*

If you decide to keep the products, simply pay the invoice when it is due. If you elect to return the products, you need only to request an RGA within the 90-day period and return the products to us in the original cartons at your expense.** Once we receive the return and confirm it is in good condition, we will immediately issue a credit memo to 100% offset the cost of the original invoice.

*Installation charges are the responsibility of the customer.

**Freight charges for product(s) are the responsibility of the customer.

Current offers solutions that are designed to improve the environment in which they are placed. Compare in the Air product trial installation allows you to see how product performs in your environment risk free for 90 days!

Here are a fraction of the qualified products that are offered in Current's Compare in the Air program.
