## Cash Flow Positive - Tools for Growth

With budgeting cycles and access to capital always a challenge, helping your customers overcome the financial hurdles associated with funding a lighting upgrade can be one of the top ways for you to close more projects and grow your business. Current's Cash Flow Positive Program provides flexible and easy access funding solutions for commercial or municipal applications that in many cases can provide positive cash flow for your customers right away.

### What's In It For You?

**+** **Increase Your Project Sales** By providing your customers flexible financing terms that create immediate positive cash flow, you will help them overcome budget constraints and close more project sales.

**+** **Creative Flexible Options** What terms does your customer need? We get it, and will work to create the terms necessary to close your project.

- Advanced Funding
- Proceed Assignment
- Progress Payments

**+** **Municipal and State Financing**

Current Capital can provide flexible tax-exempt financing options that forego complex bond issues and referendums.

Getting started is easy, we feature a simple application process and dedicated contacts to help you and your customers through the financing process. ## CF+ Benefits

---

**Positive Cash Flow** - Energy cost savings that are greater than your monthly financing costs yield positive cash flow to your bottom line immediately.

**Comprehensive Financial Leverage** - We can help you benefit from local utility rebate incentives and EPA Federal tax deductions, and leverage that savings into your lighting energy savings to add positive cash flow to your business.

**Total Project Financing** - Current Capital looks at the project costs holistically, including the lighting equipment, upfit and installation labor, ancillary supplies and even recycling costs.

**Cash Conservation** - Preserving your operating capital and your bank line of credit gives you more flexibility in running your business.
